

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how tiresome it will be to tidy up your own house after throwing a big party, with out help from cleaning machines. In the past, when carpets and upholstery had the dust beat out of them manually; brushes, brooms and cleaning cloths were the leading cleaning materials of that time.

The man who established Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After starting his company during 1906, he began to make motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's vision from the beginning was to have a global business selling merchandise globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which can be operated by one person because it just weighed 17.5 kilos! This invention came in a time where many cleaning machines were huge and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and evolved the method we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an existing crisis; stuff get filthy and have to be cleaned regularly, without too much effort.

Gradually, the business Nilfisk-Advance expanded all through the years. In the early nineteen eighties the business expanded fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the trade, aiming to be an active international player in manufacturing professional cleaning machines. Nilfisk-Advance is currently represented in every part of the globe due to steadily acquiring a lot of small businesses in order to grow their product range and presence in new markets. They are really proud to present a range of cleaning solutions to fit each and every requirement.
